FROM: Scot Fullerton
Acting Deputy Assistant Secretary

SUBJECT: Countervailing Duty Order of Phosphate Fertilizers from the
Kingdom of Morocco: Memorandum Implementing Temporary
Duty Free Importation

I. SUMMARY

On June 29, 2026, the President of the United States issued a declaration of emergency and authorization for temporary duty free importation of phosphate fertilizers (fertilizers) from the Kingdom of Morocco (Morocco), pursuant to section 318(a) of the Tariff Act of 1930, as amended (the Act).¹ The U.S. Department of Commerce (Commerce) is temporarily allowing exporters and/or importers to request that imports of fertilizers from Morocco, subject to the countervailing duty *Order*, be entered into the United States free of countervailing duties, pursuant to 19 CFR 358.² Appendix I to this memorandum contains the request required for the importation of fertilizer from Morocco free of countervailing duties.

II. BACKGROUND

The President has declared that immediate action is necessary to ensure that United States farmers have a sufficient and timely supply of fertilizers during the planting and growing season to meet domestic food production needs and that producers in Morocco can supply fertilizers to

the United States at this time.³ The President directs the Secretary of Commerce (Secretary) to provide emergency relief under section 318 of the Act regarding imports of fertilizers from Morocco.⁴ The Secretary of Commerce “may use or prescribe, the importation, free of the collection of duties and deposits of estimated duties, if applicable, under sections {701, 751, and 781 of the Act} of {fertilizers} of {Morocco}, and to temporarily extend during such 8-month period or the course of the emergency, as applicable, the time therein prescribed for the performance of any act related to such imports.”⁵ Accordingly, Commerce will consider written requests for the importation of fertilizers from Morocco free of countervailing duties, pursuant to section 318(a) of the Act and 19 CFR 358.103.

III. SCOPE OF THE *ORDER*

The merchandise covered by the *Order* is phosphate fertilizers in all physical forms (*i.e.*, solid or liquid form), with or without coating or additives such as anti-caking agents. Phosphate fertilizers in solid form are covered whether granular, prilled (*i.e.*, pelletized), or in other solid form (*e.g.*, powdered).

The covered merchandise includes phosphate fertilizers in the following forms: ammonium dihydrogenorthophosphate or monoammonium phosphate (MAP), chemical formula $\text{NH}_4\text{H}_2\text{PO}_4$; diammonium hydrogenorthophosphate or diammonium phosphate (DAP), chemical formula $(\text{NH}_4)_2\text{HPO}_4$; normal superphosphate (NSP), also known as ordinary superphosphate or single superphosphate, chemical formula $\text{Ca}(\text{H}_2\text{PO}_4)_2 \cdot \text{CaSO}_4$; concentrated superphosphate, also known as double, treble, or triple superphosphate (TSP), chemical formula $\text{Ca}(\text{H}_2\text{PO}_4)_2 \cdot \text{H}_2\text{O}$; and proprietary formulations of MAP, DAP, NSP, and TSP.

The covered merchandise also includes other fertilizer formulations incorporating phosphorous and non-phosphorous plant nutrient components, whether chemically-bonded, granulated (*e.g.*, when multiple components are incorporated into granules through, *e.g.*, a slurry process), or compounded (*e.g.*, when multiple components are compacted together under high pressure), including nitrogen, phosphate, sulfur (NPS) fertilizers, nitrogen, phosphorous, potassium (NPK) fertilizers, nitric phosphate (also known as nitrophosphate) fertilizers, ammoniated superphosphate fertilizers, and proprietary formulations thereof that may or may not include other nonphosphorous plant nutrient components. For phosphate fertilizers that contain non-phosphorous plant nutrient components, such as nitrogen, potassium, sulfur, zinc, or other non-phosphorous components, the entire article is covered, including the non-phosphorous content, provided that the phosphorous content (measured by available diphosphorous pentaoxide, chemical formula P_2O_5) is at least 5% by actual weight.

Phosphate fertilizers that are otherwise subject to this *Order* are included when commingled (*i.e.*, mixed or blended) with phosphate fertilizers from sources not subject to this *Order*. Phosphate fertilizers that are otherwise subject to this *Order* are included when commingled with substances other than phosphate fertilizers subject to this *Order* (*e.g.*, granules containing only non-phosphate fertilizers such as potash or urea). Only the subject component of such

IV. LEGAL FRAMEWORK

Section 318(a) of the Act, authorizes the President to declare an emergency for a reason described in section 318(a) and to authorize the Secretary of the Treasury and the Secretary of Commerce, as appropriate and consistent with applicable law, to permit, during the continuance of such emergency, the importation free of duty of food, clothing, and medical, surgical, and other supplies for use in emergency relief work.

On June 29, 2026, the President declared an emergency to exist with respect to the threats to the availability of sufficient and timely supplies of fertilizers during the planting and growing season to support domestic agricultural food production.⁶ The President provided additional authority to

⁶ See Proclamation.

the Secretary to respond to the emergency declared in this proclamation, under section 318 of the Act.⁷

19 CFR 358 sets forth the procedures for importation of supplies for use in emergency relief work free of antidumping and countervailing duties, as authorized under section 318(a) of the Act. In accordance with 19 CFR 358.103(a), where the President, acting under section 318 of the Act, authorizes the Secretary to permit the importation of supplies for use in emergency relief work free of antidumping and countervailing duties, the Secretary shall consider requests for such importation. In accordance with 19 CFR 358.103(b), if the Secretary determines to permit duty-free importation of particular merchandise for use in emergency relief work, the Secretary will notify the person who submitted the request, instruct U.S. Customs and Border Protection (CBP) to allow entry of the merchandise identified in the request without regard to antidumping and countervailing duties, and post notification of the determination on Commerce's website.

Any subject merchandise entered under 19 CFR 358.103(b) must enter the United States normally within 60 days after the date on which Commerce notifies the person who submitted the request or the merchandise will be subject to antidumping and/or countervailing duties, as applicable.⁸ Any subject merchandise entered under 19 CFR 358.103(b) which is used in the United States other than for a purpose contemplated for it by section 318(a) of the Act may be subject to seizure or other penalty, including under section 592 of the Act.⁹ Subject merchandise entered under 19 CFR 358.103(b) is subject to Commerce's reporting requirements in its conduct of an antidumping and/or countervailing duty administrative or new shipper review, as applicable;¹⁰ however, the subject merchandise will be excluded from the calculation of assessment and cash deposit rates under section 751(a) of the Act; "commercial quantities" under 19 CFR 351.222; and the quantity allowed by, or revised price requirements established pursuant to, a suspension agreement under section 704 or section 734 of the Act, as applicable.¹¹

V. REQUEST FOR COUNTERVAILING DUTY FREE IMPORTS

Before importation, a written request shall be submitted to the Secretary by the person in charge of sending the subject merchandise from the foreign country or by the person for whose account it will be brought into the United States.¹² The request shall state the Commerce countervailing duty order case number, the producer of the merchandise, a detailed description of the merchandise, the current HTS number, the price in the United States, the quantity, the proposed date of entry, the proposed port of entry, the mode of transport, the person for whose account the merchandise will be brought into the United States, the destination, the use to be made of the

merchandise at the designated destination, and any other information the person would like the Secretary to consider.¹³

Commerce requires all exporters and/or importers of fertilizers from Morocco seeking duty-free entry under this temporary waiver to file a written request, as provided in **Appendix I**. Requests must be made on a shipment basis. All requests must be filed electronically, using Enforcement and Compliance's ACCESS at <http://access.trade.gov>,¹⁴ on the 2026 administrative review segment of this proceeding.¹⁵ **See Appendix II** for instructions for filing the request.

3. If you have questions, please contact the ACCESS help desk at access@trade.gov or (202) 482-3150.

B. Format

1. Please use a cover letter with your request. State in the upper right-hand corner of your cover letter the following information in the following format:
 - a. on the first line, indicate the case number;
 - b. on the second line, indicate the total number of pages in the document;
 - c. on the third line, indicate the specific segment of the proceeding, (*i.e.*, 2026 administrative review) and the period of review (01/01/26 – 12/31/26);
 - d. on the fourth line, indicate Commerce office conducting the proceeding;
 - e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business proprietary/public status of the document and whether you agree or

object to release of the submitted information under **administrative protective order** (APO) by stating one of the following:

- “Business Proprietary Document -- May Be Released Under APO,”
 - “Business Proprietary Document -- May Not Be Released Under APO,”
 - “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
 - “Public Version,” or
 - “Public Document.”
2. Please include a “Re:” line on the cover letter of your request. In the Re: line, briefly summarize the purpose of your submission;
 3. Prepare your request in typed form and in English (*see* 19 C.F.R. 351.303(d) and (e) for these and other formatting requirements).
 4. Please respond to each request and certification. If a particular question does not apply, please state so and explain

C. Certification

1. Submit the required **certification of factual accuracy**, provided below. Providers of information and the person(s) submitting it, if different (*e.g.*, a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. Commerce cannot accept requests that do not contain the certification statements. Forms for such certification are included below. You may photocopy this form and submit a completed copy with each of your submissions.
2. Signed certifications of accuracy should be scanned and appended to the appropriate electronic documents filed in ACCESS.

D. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, Commerce places all correspondence and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to sections 351.304, 351.305, and 351.306 of Commerce’s regulations. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to Commerce.
2. Utilize the “one-day lag rule” under section 351.303(c)(2) of Commerce’s regulations if you wish an additional day to review the final bracketing of business proprietary

information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (section 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (section 351.303(c)(2)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.

3. By the close of business one business day after the date the business proprietary document is filed (refer to the “one-day lag rule” in the preceding paragraph), submit the public version of your response (section 351.303(c)(2)(iii)). A public version must contain:
 - a. a non-proprietary (public) version of your request that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or
 - b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

***Note:** The summarization requirement does not apply solely to the narrative portion of your request. Requests, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.*

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to representatives of parties (e.g., legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:
 - a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or
 - b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your request whether you agree or object to release of the submitted information under APO (e.g., May Be Released Under APO or May Not Be Released

Under APO). (See section 351.304 of Commerce’s regulations for specific instructions.¹⁹)

5. Place brackets (“[]”) around information for which you request business proprietary treatment. Place double brackets (“[[]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.
6. Provide to all parties whose representatives have been granted APO access and who are listed on Commerce’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public service lists, are regularly updated and maintained as record documents in ACCESS at <https://access.trade.gov>. The current service lists are also either attached to the cover letter of this questionnaire or will be provided by a subsequent letter from Commerce). If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the request must be marked “Business Proprietary/APO Version-- May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.
7. A chart summarizing AD/CVD filing requirements can be found at https://access.trade.gov/Document_Filing_Requirements_for_Website.pdf. ACCESS filing instructions are https://access.trade.gov/ACCESS%20Handbook%20on%20Electronic%20Filing%20Procedures_March2026.pdf. Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, and APO application forms and service lists, can be found at <https://www.trade.gov/administrative-protective-orders>.

E. Verification

All information submitted may be subject to verification. Failure to allow full and complete verification of any information may affect the consideration accorded to it.²⁰

F. Separate Letter of Appearance Required

Pursuant to 19 CFR 351.103(d)(1), “with the exception of a petitioner filing a petition in an investigation, to be included on the public service list for a particular segment, each

¹⁹ If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information (*see* section 351.304(d) of our regulations).

interested party must file a letter of appearance.” The letter of appearance must be filed separately from any other document (with the exception of an application for APO access).
